To Whom It May Concern,

RE: **JMB Electrical**

At Barry Plant Knox Rental Centre we have been employing the services of James from JMB Electrical for over 5 years to attend to maintenance on our rental portfolio of over 550 properties.

We have always found James and his company to respond quickly to maintenance calls, both urgent and non urgent. His work is always of a high standard, completed in a professional manner and priced appropriately.

We would have no hesitation in recommend JMB Electrical to other agencies or private owners. We have always had positive feedback from clients about their works.

Kind regards,
BARRY PLANT, KNOX RENTAL CENTRE

KIM WILLIAMS
